UTAH WANTS LAND. MORE SAFETY IS DEMANDED.

Commission Finds Many Causes for Upon Meaning of Word "Including" Accidents Increased.

Washington, April 21.—On the meaning to be given by the supreme court of the United States to the word "including" depends the title to practically all the immense tracts of Saline land in Utah. The court set aside a part of today to hear arguments on the meaning of the word.

The word was used in the enabling act under which Utah was admitted to the Union. First, two townships were granted to the state for the establishment for the university of Utah.

Then followed a provision reading: "That in addition to the above, 10.000 acres of land to be selected and located as provided in the foregoing section of this act and including all Saline lands in said state are hereby granted to said state for the use of said university."

Albany, N. Y., April 21.—The result of many months, study of industrial accidents is embodied in the report of the New York state employers liability commission, just submitted to the legislature here. The commission recommission in accidents are as follows: The immense risk of modern industrial accidents is embodied in the report of the New York state employers liability commission, just submitted to the legislature here. The commission of accidents are as follows: The immense risk of modern industrial accidents is embodied in the report of the New York state employers liability commission, just submitted to the legislature here. The commission of accidents are as follows: The immense risk of modern industrial accidents is embodied in the report of the New York state employers liability commission, just submitted to the legislature here. The commission of accidents is embodied in the report of the New York state employers liability commission, just submitted to the legislature here. The commission reports that the most alarming causes of accidents are as follows: The immense risk of modern industrial accidents is embodied in the report of the New York state employers liability commission, just submitted to the legislature here. The commission reports that the most alarming accidents are as

cated as provided in the foregoing section of this act and including all Saline lands in said state are hereby granted to said state for the use of said university."

Utah now claims the Saline lands on the theory that they were granted to it in addition to the 110,000 acres.

ULTIMATUM IS IGNORED.

President Diaz Pays No Attention to Madero's Demands.

Mexico, April 21,-The revolutionary situation apparently has been unchanged, so far as this government is concerned, by the ultimatum of the rebel leader, Francisco I. Madero, jr., who declared yerterday that he would give President Diaz until 3 o'clock this afternoon to step down and out of office and so avoid the otherwise inevitable rebel attack on Juarez later in the day. Officially, nothing is known of this latest phase of the situation and, accordingly, it is not being serl-ously considered by the executive and

his advisers. Upon leaving the department of foreign affairs for his customary daily consultation with the president this morning. De La Barra said the only knowledge he had of Madero's proposition was received from the news-

In other circles it is believed the expiration of time named by the rebel leader will find the administration un-moved from its oft declared position of ignoring the demandr for Diaz's

The subject is freely discussed in the treets and cafes and is given prominent place in the newspapers, but the Madero threat appears to be regarded as constituting another incident and

ANOTHER GLOVER CASE STEP.

Mrs. Eddy's Grandson Keeps Up Fight for Estate.

Concord, April 21.-Attorneys for G. W. Glover of Lead, S. D., filed today in the superior court the motion of which they gave notice recently, for leave to intervene in the action of G. W. Glover, sr., against Henry M. Baker, executor of the will of Mrs. Mary Baker G. Eddy,

the founder of the Christian Science denomination, and others. The motion says that if the residuary clause of Mrs. Eddy's will is found invalid, as a violation of the law of New Hampshire, and if G. W. Glover, sr., and Ebenezer J. Foster Eddy, Mrs. Eddy's heirs, have lost their rights to succession by reason of agreement made by them in November, 1909, then George W. Glover, jr., as grandson and next of kin, is entitled to his dis-tributive share of Mrs. Eddy's property in accordance with the New Hamp-shire statutes of distribution.

Peterson went to Colorado after the O'Brien episode and was arrested in Colorado Springs several months ago.

Evidence in the Chesterfield hotel liquor case was completed this morning and was argued this afternoon before a jury in the first division of the district court. The case has been the hardest fought liquor prosecution tried at this term of the district court. The state has relied almost entirely on "spotter" evidence for a conviction and witnesses for the defense established an allibi to prove that liquor was not kept for sale in the hotel. A traveling salesman testified that two barrels of beer found in the hostelry belonged to himself and another man. Evidence in the Chesterfield hotel himself and another man
